JOHN BINKLEY

DEVELOPING ALASKA'S POTENTIAL

JOHN BINKLEY WILL:

WORK FOR A BRIGHT FUTURE

As your Governor, and with your help, we will turn Alaska's endless potential into a bright future for our children.

RESTORE COMMON SENSE TO GOVERNMENT

I will do more with less. I will always protect your Permanent Fund dividend.

I will hold the line on state spending, develop and implement a long-term, sustainable fiscal plan and return government to its core mission – quality education, good jobs, safe neighborhoods and a first rate transportation infrastructure.

INSPIRE ECONOMIC DEVELOPMENT

By encouraging resource development and new value-added industries, all Alaskans will share in our state's wealth.

LEAD BY EXAMPLE

I am guided by my values and strong in my convictions.

I will always put Alaskans first by standing up to special interests. I will only hire the best and the brightest and will hold all government employees to the highest ethical standards.

EXPERIENCED LEADER

- Started and ran a successful small business
- Met a payroll for 25 years
- Lived and worked in rural Alaska for 11 years
- Served as a State Senator, State Representative and a city council member
- Co-Chaired the Senate Finance Committee
- Served as Chairman of the Alaska Railroad Corporation for nine years
- Is a husband, father, and grandfather

PROTECT YOUR RIGHTS

I will protect your private property rights and your access to Alaska's lands to hunt, fish, and enjoy the outdoors.

BUILD TRUST

My goal is to earn your trust. As your governor, I will work hard every day to keep that trust.
